

## DESCRIPTION

Cabletime Zinc Alloy USB C Male to HDMI Male 8K Cable is the perfect solution for connecting your USB-C devices to HDMI displays. Like laptops (Macbook Pro), TVs, and projectors. Featuring true 8K 60Hz and 4K 120Hz resolution, the cable delivers stunning Dynamic HDR 10+ images. Ideal for gaming, home theater, meetings, movies, and more. Built-in VMM7100 chipset ensures optimal performance, and its rugged zinc alloy housing with black-gold braiding and unique orange stripe on HDMI housing distinguishes it from other cables on the market.
