

## ❖ DESCRIPTION

CABLETIME DisplayPort 1.4 to HDMI 2.1 cable allows you to stream 8K@60Hz or 4K@120Hz resolution, dynamic HDR10, and up to 3m in length for extended reach. Featuring an advanced VMM7 100 chip and zinc alloy jacket, this cable is designed for reliability and optimal signal transmission. 24K gold-plated connectors and locking latch for secure connection provide reliable, crystal-clear picture and sound. Crafted with a black gold-braided jacket, this unique 8k DisplayPort to HDMI cable is finished with a stylish orange stripe design for a tasteful, sophisticated look. Easily extend or mirror content from your computer to another display, perfect for HDTVs, gaming monitors, or projectors.
