

❖ **DESCRIPTION**

USB Type C to USB 3.0 OTG adapter lets you sync data from USB A devices or peripherals (such as flash drives, keyboards, mice, gaming consoles, USB hubs, SD card readers, hard drives, USB Ethernet adapters, etc.) to USB-C enabled devices (such as Macbook Pro and Galaxy S22 Ultra). Provides data speeds up to 5Gbps and supports OTG function. Made of premium aluminum alloy for added durability, plug and play, and easy to use.

❖ **FEATURES**

Maximum 5Gbps data transfer speed
Up to 2.1A power output
Made of durable aluminum alloy shell
Compact and mini design
Plug and play, easy to use

❖ **CONNECTOR TYPE**

USB3.0 A Male to USB -C Female
