

❖ **DESCRIPTION**

CABLETIME drawing tablet holder offers 8 different angles to suit different drawing postures. Using this ergonomic drawing tablet stand helps reduce wrist fatigue and improves posture of the neck, shoulders and spine. The stand is made of aluminium alloy and is so sturdy that it won't shake or wobble. Features silicone pads to protect your device from scratches and sliding. The hollow design enhances air flow and fast heat dissipation. This tablet drawing stand weighs only 200 grams and is foldable, so you can easily take it anywhere. Compatible with a wide range of tablets.
